SPIDS AND ROAD SAFETY MATTERS

The possibility of purchasing an auto speed watch device was discussed. It was explained how the device operated and the costs involved. It was noted that Earby Town Council already used such a device and it was agreed that more information should be obtained from Earby. It was suggested that PC Dave Green be invited to a future Parish Council meeting to discuss potential use of the device alongside other methods of monitoring speeding.

PLANNING APPLICATIONS AND MATTERS

There were no recent planning applications to consider. It was noted that not every type of application was circulated for comment by parish councils – certain agricultural applications and

applications involving building below a certain size did not require circulation and were dealt with by Ribble Valley BC as the local planning authority.

ANY OTHER BUSINESS

It was agreed that a stile next to the Robinsons' farm should be repaired by Dan Bolton.

It was suggested that a village clean up be organised.

DATE OF NEXT MEETING
